Corporate Governance Charter
Evans & Partners Asia Fund
(ARSN 624 216 404)

1. Introduction

Corporate governance is a set of systems, policies and procedures which define the way in which entities – trust and companies alike – are governed. It establishes the objectives of an entity ensuring that administration and management is undertaken in a manner which is consistent with the interests of the entity's members. Additionally, it establishes a system for monitoring and evaluating the achievement of those objectives.

The Corporate Governance Recommendations define corporate governance as "the framework of rules, relationships, systems and processes within and by which authority is exercised and controlled in corporations".

Corporate governance policies will vary from entity to entity as there is no single system of corporate governance that is applicable to all entities. An entity must establish systems, processes and policies that help it achieve its objectives in light of the nature and size of that entity.

As a result, the Responsible Entity has adopted a number of policies to ensure that it has high-quality and transparent systems of corporate governance in place. These policies are incorporated in this Charter and are prepared in line with the Corporate Governance Recommendations which the Board recognises as best practice guidelines.

The Charter incorporates the following:

- (a) Board Policy – see Section 2
- (b) Conflicts Management Policy – See Section 3
- (c) Continuous Disclosure Policy – see Section 4
- (d) Code of Conduct – see Section 5
- (e) Unit Trading Policy – see Section 6
- (f) Insider Trading Policy – see Section 7

2. Board Policy

2.1. Introduction

Directors will be appointed and removed in accordance with the Corporations Act and the Responsible Entity's Constitution.

The conduct of the Responsible Entity is governed primarily by the Fund's Constitution.

This policy aims to set out the practices that the Responsible Entity has established and to which the Board and each Director is committed. This policy is simply an aid to the Board and the Directors. In the course of undertaking its responsibilities, the Board at all times must act in a manner that is consistent with its duties and obligations as imposed by the Responsible Entity's Constitution and the Fund's Constitution, the Fund's Compliance Plan, the Listing Rules and by the law. Should there be any inconsistency between this policy and the Fund's Constitution, the Fund's Constitution shall prevail.

2.2. Responsibilities

The Board is primarily responsible for ensuring that both the Responsible Entity and the Fund have appropriate corporate governance structures to:

- (a) ensure the creation and protection of shareholder (the Responsible Entity) and unitholder (the Fund) value; and
- (b) recognise the legitimate interests of stakeholders (both the Responsible Entity and the Fund).

The Board is responsible for the overall operation, strategic direction, leadership and integrity of the Fund and in particular, is responsible for the Fund's growth and profitability. In meeting its responsibilities the Board shall undertake the following functions:

Strategic Direction

- Providing and implementing the Fund's strategic direction.
- Directing and monitoring the Fund's performance against strategies and business plans.
- Approving and monitoring capital management and major expenditure and investments.

Risk management and reporting

- Reviewing and overseeing the operation of systems of risk management ensuring that the significant risks facing the Fund are identified, that appropriate control, monitoring and reporting mechanisms are in place and that risk is appropriately dealt with.
- Monitoring and appraising financial performance including the approval of annual and half year financial reports and liaising with the Fund's auditors.
- The Responsible Entity is responsible for preparing the declaration pursuant to Section 295A of the Corporations Act. Accordingly, the Board of the Responsible Entity will ensure that the Responsible Entity has put in place sound systems of risk management and internal controls and ensure that the systems are operating effectively in all material respects in relation to financial reporting risks.
- Ensure that Unitholders and the market are kept fully informed with timely and relevant information which is in accordance with the continuous disclosure provisions outlined in Section 4.

- Review the nature of the Fund to determine if it has any material exposure to economic, environmental and social sustainability risks and, if it does, how it intends to manage those risks.

Management

- Monitoring and assessing the performance of the Responsible Entity and ensuring that their actions are consistent with corporate strategy.
- Ensuring that appropriate and effective remuneration packages and policies are implemented by the Fund.
- Monitoring and reviewing business results, outsourced service providers and the Board itself.
- Ensuring the Board is comprised of individuals who are best able to discharge the responsibilities of directors having regard to the law and the best standards of governance.

Remuneration

- If non-executive directors are appointed to the Board, the allocation and amount of remuneration for non-executive directors will be reviewed periodically every six months and will reflect market rates.

Performance

- Formation and monitoring of corporate governance policies and codes of conduct.
- Undertaking an annual performance evaluation of the Board in light of this Policy.
- Reviewing and overseeing internal compliance and legal regulatory compliance.

Corporate governance

- Ensuring compliance with the Fund's Constitution, the Responsible Entity's Constitution and with the continuous disclosure requirements of the Listing Rules and the Corporations Act.
- Communicating with and protecting the rights and interests of all Unitholders.

2.3. Board Composition

The Board shall comprise of a minimum of 3 directors, 2 of which will be Australian residents. The Board must be comprised of members with expertise, experience and skill relevant to the business of the Fund.

The Board will determine the number of independent directors (if any) it considers appropriate based on the size, nature and complexity of the Fund's business at any given time.

2.4. Diversity

The Responsible Entity and the Fund are committed to building a diverse workplace and developing policies to promote diversity to the extent appropriate for the size, nature and complexity of the Fund.

2.5. Independence

The Corporate Governance Recommendations establish a number of factors that may be considered when assessing the independence of directors. The factors are whether a director:

- (a) is a significant member of the Fund or Responsible Entity or an officer of, or otherwise associated directly with, a significant member of the Fund or Responsible Entity;

- (b) is employed, or has previously been employed in an executive capacity by the Responsible Entity or another group member, and there has not been a period of at least 3 years between ceasing such employment and serving on the Board;
- (c) has within the last 3 years been a principal of a material professional advisor or a material consultant to the Responsible Entity or another group member, or an employee materially associated with the service provider;
- (d) is a material supplier or customer of the Responsible Entity or the Fund or other group member, or an officer or otherwise associated directly or indirectly with a material supplier or customer;
- (e) has a material contractual relationship with the Responsible Entity, another group member or the Fund other than as a Director.

These factors are only indicators of matters in which to assess the independence of a Director. The Board will assess the independence of each Director in light of the interests disclosed by them. The Board's assessment of the independence of Directors will be disclosed in the Fund's annual reports (to the extent deemed necessary).

2.6. Committees

The Responsible Entity recognises the importance of establishing audit, risk, remuneration and nomination committees as good corporate governance in circumstances where appropriate for the size, nature and complexity of the Fund.

However, considering the size of the Responsible Entity and the Fund, the functions that would be performed by these committees are best undertaken by the Board. This is also in line with Corporate Governance Recommendations which recognise that "the ultimate responsibility of the integrity of a company's financial reporting rests with the full board".

The Board will review its view on these committees in line with the Corporate Governance Recommendations and in light of any changes to the size or nature of the Fund and if required may establish committees to assist it in carrying out its functions. At that time the Board will adopt a policy or charter for such committees in accordance with the Corporate Governance Recommendations and industry best practices. As a registered managed investment scheme, the Fund has a compliance plan that has been lodged with the Australian Securities and Investments Commission (ASIC). The compliance plan will be reviewed every year to ensure that the way in which the Fund operates protects the rights and interests of unitholders and that major compliance risks are identified and properly managed.

The Responsible Entity has formed a Compliance Committee to ensure the Fund complies with the relevant regulations and its constitution, and the compliance plan. The Committee will meet and report to the Board of the Responsible Entity on a quarterly basis.

2.7. Safeguard the Integrity of Corporate Reporting

The Board has adopted a policy to ensure that it independently verifies and safeguards the integrity of the Fund's corporate reporting. The policy requires the Board to review:

- (a) the skills, expertise and experience of any proposed Director; and
- (b) the relevant and appropriateness of these skills, expertise and experience when compared to those of the current Board.

The terms and conditions of appointment must be recorded in a letter of appointment that is prepared in light of the Corporate Governance Recommendations.

The terms of appointment must be in accordance with the Responsible Entity's Constitution, Fund's Constitution, the Corporations Act and the Listing Rules.

Prior to making any formal offer, a potential Director must be given sufficient information about the Responsible Entity and the Fund to allow the potential Director to conduct his/her personal due diligence. The information will extend to non-public information and care must be taken to ensure confidentiality.

A Director must retire in accordance with the Corporations Act, the Listing Rules and the Responsible Entity's Constitution. A Director may be re-elected if the Constitution permits.

Any Director has the authority to seek any information he/she requires from any Executive, employee or contractor of the Responsible Entity. Unless a conflict exists or to do so would be inconsistent with the Director's duties, Directors are to request such information via the Chief Executive Officer.

The Fund will ensure compliance with this policy and will disclose:

- (a) price sensitive information to the ASX as soon as it becomes aware of that information;

4.5. Price Sensitive Information

The Fund will ensure that all price sensitive information is released to the market in accordance with the Listing Rules and in accordance with the Announcements Procedure in Section 4.9 of this Policy.

4.10. No Comments Policy

The Fund has adopted a "no comments" policy in relation to any market speculation or rumours and this policy must be observed by all Executives and Responsible Entity employees at all times. In light of this, the Fund may issue an announcement in response to a market speculation or rumour where it is necessary to do so to eliminate the possibility of a false market or contravention of the Listing Rules.

Where an Executive or employee is approached by the media or any analysts or other external parties with respect to providing any information about the Fund the general policy to be observed is a "no comments" policy and that employee will notify the Secretary as soon as possible.

As part of the Responsible Entity's management of investor relations it may conduct briefings with analysts or investors from time to time.

However, the Responsible Entity's policy for conducting these briefings will be to ensure that no material price sensitive information is announced prior to it being announced to the market. No briefing will be held during the pre-results periods. In addition, a procedure will be in place for the conduct of the briefings which will include that at any briefing 2 employees of the Responsible Entity must be present, notes of the briefing must be kept by an employee attending and any information to be used at briefings must be signed off by at least 2 Directors prior to the briefing.

Where in the course of a briefing a question is raised that refers to price sensitive information that has not been previously disclosed, the Executive or employee must decline to answer the question but take the question on notice and advise the Board and the Secretary of the question.

4.11. Responding to Analyst Reports and Forecasts

If a draft report about the Fund has been sent to the Responsible Entity for comments the report should be forwarded directly to the Secretary. The Fund will not endorse any reports, and will restrict any comments to factual matters and matters which have been previously disclosed to the ASX.

To ensure compliance with its listing obligations, the Fund may from time to time require advisors to advise on its adherence to this policy.

4.14. Contravention of Policy

Non-compliance with the continuous disclosure obligations may constitute a breach of the Corporations Act and the Listing Rules. This may result in fines for the Fund, personal liabilities for Directors and other officers and damage to the Responsible Entity's and the Fund's reputation. The Fund and the Responsible Entity take continuous disclosure very seriously and will not tolerate any deviation from this policy by any employee and will take disciplinary action against any employee where a contravention arises. Disciplinary action may include dismissal.

This activity is prohibited by the Criminal Code Act 1995. The Fund recognises that it is accepted business practice that entertainment and small gifts may be extended to third parties with whom the Fund has a relationship. However, any such gifts must be made for a proper purpose.

- (e) Executives and employees may not at any time, directly or indirectly, profit from confidential information obtained during the course of duties they perform in relation to the Fund. Each Executive and employee must safeguard confidential information of the Fund by not transferring, publishing, using or disclosing it other than when necessary in the ordinary course of business, or as specifically directed or authorised. All confidential or proprietary information that has been entrusted to the Fund by a third party must be treated as if it was the Fund's confidential information.
- (f) Public statements have the potential to breach the Fund's obligations in respect to confidential information, unit trading and continuous disclosure. Officers and employees should not make public statements unless authorized by the Chief Executive Officer or Secretary.
- (g) A safe and healthy work environment is the responsibility of every employee. This obligation includes responsible behaviour with respect to the use of alcohol, drugs and tobacco when conducting Fund or Responsible Entity business and at sponsored activities. - (h) Information should not be gained through unlawful or deceitful means.
- (i) All Executives and employees have an obligation to seek to avoid financial, business or other relationships which might be opposed to the interests of the Fund or which may conflict with the performance of their duties. 5.6. Respect for Others

The Fund actively supports the principle of equal employment opportunity and expects its officers and employees to practise and support this principle. The Fund's policy is to ensure that it does not engage in discriminatory practices and to make employment and career decisions on the basis of each individual's ability, performance, experience and the Fund's requirements.

The Responsible Entity and the Fund regards personal, physical or sexual harassment as unacceptable. The Responsible Entity expects and requires its officers and employees to comply with Occupational Health and Safety laws and relevant policies.

The Fund's partners, customers and suppliers will be treated fairly and with respect. The Fund strives to maintain open and frank business dealings and to develop mutually advantageous relationships.

5.7. Improper Behaviour

Employees and Executives are encouraged to contact the Secretary where the employee or officer has a reason to suspect that any fraudulent or unethical behaviour has occurred.

5.8. More information

An employee or Executive requiring further information regarding any aspect of this Code should contact the Secretary.

6. Unit Trading Policy

6.1. Unit Trading Policy

The Board has established the following policy to apply to trading in the Fund's units on the ASX. This policy applies to those persons defined below as Restricted Persons of the Fund.

Restricted Persons to whom this policy applies must restrict their buying and selling of Fund's units within the Fund trading window established by this policy.

In addition to the requirements of this Unit Trading Policy, all Restricted Persons (as defined below) must also comply with the Insider Trading Policy in Section 6 below.

6.2. Executive restrictions on trading

This Unit Trading Policy and the restrictions on trading in units of the Fund set out below applies to the following representatives of the Fund (**Restricted Persons**):

- (a) the Board;
- (b) Directors and Secretary of any entity controlled by the Fund;
- (c) any person who is entitled to receive equity performance rights and/or options as part of any equity incentive based scheme of the Fund;
- (d) the Secretary; and
- (e) Executives.

The Restricted Persons are to be subject to restrictions on trading in the Fund's units at certain times of the year. Restrictions also apply where any Restricted Person is exposed to inside information in the course of their duties in accordance with the Insider Trading Policy (see Section 7).

6.3. Associated Parties

Each Restricted Person has a personal responsibility to ensure that his or her "associated parties" (being immediate family (including a spouse (or equivalent) or dependent), family company or trust) complies with the same respective restrictions as apply to Restricted Persons.

6.4. Prohibition on Executives dealing in units

Restricted Persons as defined in section 6.2 are prohibited from dealing in units of the Fund during a trading blackout (unless otherwise agreed by the Board of the Responsible Entity).

As the Fund is a listed investment scheme which announces its Net Tangible Assets (NTA) at least weekly on the ASX, the Board of the Responsible Entity has formed a view that Unitholders are generally fully informed.

The Responsible Entity may from time to time announce further periods of trading blackouts under this Policy as required. Discretionary trading blackouts will be communicated to Restricted Persons by the Secretary.

For the avoidance of doubt, it is emphasised that Restricted Persons may not deal at any time whilst in the possession of "inside Information".

6.5. Board of Directors' discretion

The Board has an absolute discretion to place an embargo on Restricted Persons and/or employees and /or their respective associated parties trading in the Fund's securities at any time.

6.6. Notification rules in relation to dealing in units

Restricted Persons are required to notify the Fund of intended dealings in securities, by themselves or their associated parties, of the Fund prior to such intended dealings. This should be done by written notice to the Company Secretary outlining:

- (a) name of security holder;
- (b) type of proposed transaction (purchase, sale, etc.); and
- (c) number of securities involved.

The Company Secretary may confer with the Chairman of the Boards in relation to any proposed dealing.

6.7. Directors to notify ASX of unitholding

The Directors of the Fund are required to complete, or request that the Secretary complete necessary forms to the Fund to be filed with the ASX in respect of their unitholding in the Fund for the purposes of section 205G of the Corporations Act and the Listing Rules.

6.8. Exceptional Circumstances

Where, in exceptional circumstances, and it is the only reasonable course of action available to a Restricted Person (e.g. a pressing financial commitment that cannot be satisfied otherwise) clearance may be given for the Restricted Person to sell (but not to purchase) units in the Fund when that person would otherwise be prohibited from doing so.

In this section 6.8, "exceptional circumstances" means severe financial hardship, a court order (or court enforceable undertaking), or some other overriding legal or regulatory requirement, to transfer or sell units in the Fund, or other circumstances that may be deemed exceptional by the Board. For example, a Restricted Person may be in severe financial hardship if he or she has a pressing financial commitment that cannot otherwise be satisfied.

The Board may not give clearance under the exception in section 6.8 if there is a matter about which there is inside information in relation to units in the Fund (whether or not the Restricted Person knows about the matter) when the Restricted Person requests clearance or proposes to deal in units in the Fund.

The Board will decide if circumstances are exceptional. Any clearance given by the Board in accordance with section 6.8 must be in writing (which may be in the form of an email). The Board must determine, and specify in the written clearance, the maximum duration of the clearance. Trading not subject to this Trading Policy

The following dealings are not subject to the provisions of this Unit Trading Policy in respect of the Fund:

- (a) undertakings or elections to take up entitlements under a rights issue or other offer (including an offer of units in lieu of a cash dividend);
- (b) the take up of entitlements under a rights issue or other offer (including an offer of units in lieu of a cash dividend);

- (g) the cancellation or surrender of an option under an employee scheme;
- (h) the purchase of units or the communication of information pursuant to a requirement imposed by law;
- (i) transfers of units by an independent trustee of an employee units scheme to a beneficiary who is not a person;
- (j) bona fide gifts to a Director by a third party;
- (k) transfers of securities of the entity already held into a superannuation fund or other saving scheme in which the Restricted Person is a beneficiary;
- (l) an investment in, or trading in units of, a fund or other scheme (other than a scheme only investing in the securities of the entity) where the assets of the fund or other scheme are invested at the discretion of a third party;
- (m) where a Restricted Person is a trustee, trading in the securities of the entity by that trust provided the Restricted Person is not a beneficiary of the trust and any decision to trade during a prohibited period is taken by the other trustees or by the investment managers independently of the restricted person; and
- (n) trading under an offer or invitation made to all or most of the security holders, such as, a rights issue, a security purchase plan, a dividend or distribution reinvestment plan and an equal access buy-back, where the plan that determines the timing and structure of the offer has been approved by the board. This includes decisions relating to whether or not to take up the entitlements and the sale of entitlements required to provide for the take up of the balance of entitlements under a renounceable pro rata issue.

7. Insider Trading Policy

7.1. Policy

The Board has established the following Insider Trading Policy to apply to trading in the Fund's units on the ASX.

This policy applies to all Directors, Executives and employees of the Responsible Entity. All Directors, Executives and employees of the Responsible Entity must not deal in the Fund's units while in possession of price sensitive information.

In addition, the general Unit Trading Policy (see Section 6) sets out additional restrictions which apply to Directors and Executives of the Responsible Entity.

The law imposes a number of significant restrictions on employees of the Responsible Entity when they deal in the Fund's units. As fiduciaries, these persons must not utilise their position for their own gain or for the gain of any person other than the Fund.

The Corporations Act imposes severe penalties (both criminal and civil) on persons who conduct insider trading activities. Any perception of improper conduct by employees of the Fund also has the potential to substantially damage the Fund's reputation.

The Fund has established the policy set out in Section 7 of this charter in an effort to prevent the incidence of insider trading in the Fund's units. The policy provides a general summary of the law in Australia in relation to insider trading, and as such operates in addition to the legal requirements. It is the personal responsibility of each Director, Executive and employee to comply with this policy.

7.2. Overview of the insider trading provisions in the Corporations Act

It is illegal for anybody to deal in any units of a body corporate (including the Fund), when in possession of information that the person knows, or ought reasonably to know:

- (a) is not generally available (including information that the Fund has not disclosed to the market in accordance with the Fund's Continuous Disclosure Policy); and
- (b) might have material effect on the price or value of those units if it was generally available (**Inside Information**).

This prohibition extends to procuring another person to deal, and, in the case of units of listed entities, extends to communicating the inside information to another person, if the person knows, or ought reasonably to know, that the other person would, or would be likely to, deal in the units in question or procure another person to do so.

To communicate Inside Information to another person is also an offence which carries both civil and criminal penalties.

An employee or officer in possession of Inside Information about the Fund has a duty to keep that information confidential and must not in any way disclose or communicate that information to any person.

7.3. Dealing with security analysts, institutional investors and journalists

An employee or officer may be exposed to others outside the Fund such as security analysts, institutional investors and journalists. It is important that all Directors, Executives and employees be aware that selective disclosure of non-public information may result in a breach of the insider trading rules.

It is important to emphasise that it is the mere fact of conveyance of the material non-public information that gives rise to liability, not the manner in which it is conveyed.

It is possible to convey information in breach of this policy and the Corporations Act by expressing subjective attitudes about the Fund's performance or by calling attention to selective information not available as an aggregate to the general public. It is essential to avoid the indirect conveyance of information by any means whatsoever.

If during the course of a discussion with any analyst, journalist or other outsider, material non-public information concerning the Fund is disclosed, inadvertently or otherwise, the recipient of the information should be informed of its non-public nature and cautioned against its use unless and until the Fund has made full public disclosure of the information. The Secretary should be notified of the situation immediately so that a decision can be made regarding disclosure of the information.

No public comments should be made regarding any previously undisclosed operating results or other developments unless authorised by the Responsible Entity.
